Saturday Morning Tunes Workshops

Looking at common session tunes and how to tame them.
The teaching will be fiddle-centric, but all instruments are welcome!

A series of four workshops on Zoom on: Saturday the 5th, 12th, 19th, and 26th of September at 9.30am.

Each hour long workshop is priced at £15 per person, or you can book all four workshops at a discount for £50.

The workshops will be available 'live' or afterwards on Youtube if you are unable to make the broadcast time. John will also record a specific video for Youtube of each tune - an MP3 audio version will also be available, and he will also provide links to an MP3 of the whole workshop as well as an annotated PDF of the tune.

Each week John will focus on one tune, that he will teach by ear (by special request, the sheet music can be sent out in advance of the workshop, if learning by ear is not your preferred way of learning, and you would like a head start).

John will look at common session tunes and will be showing the basics of how to play them and get the best out each tune - looking at phrasing, rhythm and groove, as well as tone and dynamics to bring the tune to life.

Payment: You can pay via Bank Transfer, or via PayPal by prior arrangement.

Please send John an e-mail to arrange payment - johndipper@mac.com
